ABOUT ME

I'm a React Native & MERN Stack Developer with 2 years of experience building mobile and web apps. I've worked on 20+ projects where I focused on creating clean designs, smooth user experiences, and strong backend systems. I enjoy solving problems and turning ideas into real, working products.

WORK EXPERIENCE

Freelance Full-Stack Developer — 2025–NOW

- Delivering custom mobile and web applications for various clients using React Native and the MERN stack.
- Successfully completed over 10 client projects including admin panels, e-commerce platforms, social networking apps, and finance applications.

React Native & MERN Developer Elite Chain LLC (Remote) — Jul 2024 – Sep 2024

- Built over 5 full-stack applications incorporating custom UI/UX designs.
- Managed database configurations, implemented AI-driven chat functionalities, and ensured cross-platform responsiveness.

React Native Developer VirtualSoft Technology (Remote) — Jan 2024 – Jun 2024

- Developed and optimized dating applications, enhancing user experience with responsive design.
- Collaborated with cross-functional teams for seamless API integration and feature implementation.

React Native Developer Lime Technologies (Onsite) — May 2023 – Dec 2023

- Developed and optimized dating applications, enhancing user experience with responsive design.
- Collaborated with cross-functional teams for seamless API integration and feature implementation.

React Native Developer Lime Technologies (Onsite) — May 2023 – Dec 2023

- Contributed to live mobile project development with a focus on API integration and Redux for state management.
- Enhanced UI/UX and optimized app performance for multiple projects including BANOLIVE, TWEETYLIVE, and MASTYLIVE.

React Native Course & Internship Hello World Technologies (Onsite) — May 2023 – Dec 2023

- Completed a 2-month course followed by a 2-month internship focusing on React Native development.
- Gained hands-on experience through developing demo applications emphasizing UI design, API integration, and troubleshooting.

EDUCATION

Islamia University of Bahawalpur — 2021 – 2025 (Completed)

Bachelor of Information Technology

LANGUAGES

- English
- Punjabi
- Urdu

SKILLS

- **Frontend Development**: HTML, CSS, JavaScript (ES6+), React, React Native, Tailwind CSS
- **Backend & API**: Node.js, Express.js, RESTful APIs
- **Databases**: MongoDB, Mongoose, Firebase
- **Authentication**: JWT, OAuth, Auth0, Firebase Authentication
- **State Management**: Redux, Redux Toolkit, Redux Thunk, Context API, Zustand, Axios, Fetch API
- **Maps & Live Tracking**: Google Maps API, Geolocation, Real-time location tracking, MapView integration
- **UI/UX & Design Tools**: Figma, Material UI, Styled Components, Responsive Design
- **Version Control & DevOps**: Git, GitHub, Docker, Netlify, Vercel
- **Voice & Video Integration**: ZegoCloud, Agora
- **Package Management**: NPM, Yarn
- **Soft Skills**: Creativity, Team Collaboration, Problem Solving, Debugging, Client Communication

PROJECTS

- **MATCHERS –** Dating App
- **BANOLIVE –** Live Streaming Platform
- **NEXACOIN –** Crypto Transaction Manager
- **FLUXBEAM –** Coin Tracking Website
- **CHATBOT –** AI-Based Chat App
- **FINANCE –** Expense Tracking App
- **LIVETRACK –** Real-Time Location Tracking App
- **...and 20+ other full-stack applications developed across various domains**
